

END OF LIFE NOTIFICATION

MODEL DS1500, DS1520

Dear Customer,

As part of our ongoing product development and product life cycle process, two double sheet detector models DS1500 and DS1520 have entered the end of life process. These two models have direct form, fit, and functional replacements. The replacing units may have additional features.

At this time, we are announcing the end of life plan for the products listed below:

DISCONTINUED PRODUCTS	RECOMMENDED REPLACEMENT
DS1500	DS1510
DS1520	DS1522

Additional Detail:

- The DS1510 (direct replacement to the DS1500) offers an added feature of automatic calibration.
- The DS1522 (direct replacement to the DS1520) is slightly deeper. The DS1522's depth is 41.3mm (1.625") compared to the DS1520's depth of 33.3mm (1.31"). The DS1522 offers additional features including local or remote selection of preset memories and up to 64 calibration memory slots, as opposed to only two with the DS1520.

If you would like to make final purchases of the discontinued products, please place an order before the **END OF SALE** date below. Prime Controls reserves the right to limit and allocate quantities in the event demand exceeds available supply.

MODEL #	END OF LIFE ANNOUNCEMENT	END OF SALE DATE	END OF SERVICE DATE	EXTENDED SERVICE PERIOD
DS1500	8/1/22	8/1/23	8/1/27	N/A
DS1520	8/1/22	8/1/23	8/1/27	N/A

Prime Controls will provide technical support and repair services until the End of Service date. If service is not possible, Prime Controls will offer an alternative product of similar or greater functionality.

Please visit our website for a full overview of our End of Life policy.
